# HAND CONTROLS

## VEIGEL E CLASSIC

Familiar face, new state of the art design and functionality, all combined with the maximum driving pleasure. The new Veigel hand control **e-Classic** is much easier to use thanks to its cutting edge electronic acceleration which allows you to experience your vehicle in a completely new way.

Braking and accelerating can be easily controlled with the use of a practically designed handle and comfortable grip.

The ergonomic shape of the handle allows for fatigue-free driving. Its sleek and attractive design allows for more leg room and fits perfectly to your vehicle's interior .
