

The **Mini Stamp Pedal Extension** is a compact and practical solution for drivers who require a slight adjustment to reach their vehicle's pedals comfortably. Ideal for individuals of short stature. Designed for convenience, the pedals can be folded up when not in use - allowing other drivers to operate the vehicle without obstruction.

Compatible with both automatic and manual transmissions, the **Mini Stamp Pedal Extension** ensures flexibility without compromising safety.

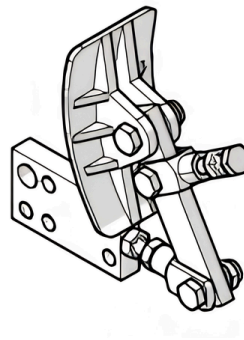

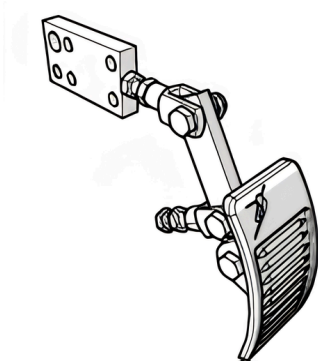

Functional Benefits

- Discreet accessibility support
- Convenient for shared vehicles
- Supports safe driving posture

Key Features

- Compact extension range
- Fold-up design
